Workshop in English for pupils in 5th and 6th form at Primarschule Basel

Bodymusic: Form the circle, feel the body, play the music

Moderator: Marco «Scotch» Gautschin

Language: English

Activities, Methods

We meet our unique voice and discover a fascinating musical instrument: Our body! Together we transform english words and simple sentences into music and create rhythmic choreographies with our own bodies. We improvise, explore the innate joy of playing and let us be guided by our desire to move.

The power of our circle gives us the opportunity to trust each other and together we'll feel sounds and groove, rhythms and flow. In this playful workshop it is explicit fine doing mistakes and the students are encouraged to add their personal creativity. These enriching and inspiring moments support the potential of interactive communication.

Bodymusic is a universal language we all understand.
